

FURNISHED BEER TO YOUNG GIRLS

MAN IS ACCUSED OF INDUCING CHILDREN TO PARTAKE OF BEVERAGE.

William Crumley, a laborer, was arrested yesterday afternoon for furnishing liquor to minors. Crumley, it is alleged, went to the home of the McGonigalls on the night before, while Mrs. McGonigall was at the theater. Finding three girls there, the eldest of which is fifteen, Crumley went out and returned with a bucket of beer, which he induced two of the children to drink. The third child refused to take the beverage.

Mrs. McGonigall heard, upon her return, what had happened, and her indignation was unmeasured. Yesterday she put the case before District Attorney McCarran and Judge Brissell, and swore out a warrant for the arrest of Crumley. The man was arrested, and held in \$100 cash bail.

SIX MONTHS FOR WIFE BEATING

JUDGE BRISSELL SENTENCES PRESTON TO THE WORKHOUSE.

A man named Jack Preston, whose greatest domestic diversion is wife beating, was sentenced yesterday by Judge Brissell to six months in the workhouse. Preston was run out of town about a year ago for beating his wife, and has only been back a week. His first step was to beat the woman who bears his name, and evidently he made up for lost time. His crime was committed several days ago, and he has been detained in the cooler awaiting his trial, until his wife recovered sufficiently to appear against him. It is about time that Preston was given another run.

MRS. CRUMLEY LAID AT REST

RENO, Oct. 18.—The remains of Mrs. Grant Crumley arrived here this morning, accompanied by J. Grant Crumley, husband of the deceased; Newt Crumley and Charles Holsworth of Tonopah. The party was met here by Miss Crumley of Oakland. The interment took place at 11 o'clock this morning.

PERSONAL MENTION

J. E. Inman of Hartford, Conn., is in the city.

William Randall of Pittsburg is visiting the city.

Ray Baker and party left yesterday morning for Ubehebe.

J. B. Murphy, the contractor, returned from Blair yesterday.

A. D. Nash arrived from Salt Lake last night, and will go to Manhattan today or tomorrow.

Newt Fasset was a passenger on the train which left for the coast last evening. He is bound for Spokane.

W. S. Johnson, who has been confined to his home for several days past, is reported to be on a fair way to recovery.

Edward Hirschler of the Grassy Company of Manhattan, was a passenger on last night's train for San Francisco.

County Commissioner Lindsay, who has been here attending the session of the board, left for Rhyolite yesterday morning.

Rev. Johnes, former rector of St. Mark's Episcopal church, will leave this morning for Jackson, Miss., where he has accepted a new call.

J. R. Woodbridge and Irvin Shuck left for Goldfield yesterday morning. Both are connected with the Western Ore Purchasing Company, and will have their headquarters in Goldfield in the future.

8000 MEN SECURED.

Western Pacific Puts Former Butte Miners at Work.

Eight thousand men have been added within the last thirty days to the construction forces at work upon the Western Pacific in California and Nevada. Completion of the railroad building in Utah and the closing of the smelters in Montana have released a great number of men, and these are being signed by the Western Pacific contractors.

The available men are of the class most needed by the Western Pacific. Many of the miners are accustomed to tunneling, and their acquisition will expedite work on the immense tunnels which the Goulds are boring through the Sierras.

TONOPAH LIBERTY MILL IS GRINDING

RUNNING TO ITS FULL CAPACITY AND IS A GREAT SUCCESS.

The Tonopah Liberty mine, about which little has been said, but which has been doing more general work than many of the properties in this district, is going ahead like a house on fire. A ten-stamp mill was installed on August 20, and it is now being operated to its full capacity, and has proved a success in every respect.

The company has done a world of work in the past year, regarding which very little has been given to the public. They are generating their own electric power, using oil as fuel, and have completed a three-mile pipe line for their water supply. There are sixteen men employed in the mine, and the force in the mill consists of six men working three shifts.

In the mill are two Wilfley tables for concentrating, and two for slimes. The company is at present shipping concentrates. General Manager Griswold was in the city yesterday and he says that things are looking very fine in the district, and that there is lots of development work going on. In the Callington mine, the shaft is down 100 feet, and there has been a gasoline hoist installed. There has been considerable work done besides.

EPISCOPALIANS HARD AT WORK

(Associated Press.)

RICHMOND, Oct. 18.—The selection of Rev. Edward Jennings Knight of Trenton, N. J., to take charge of the missionary district of western Colorado, the organization of a board of missions, the refusal of the house of deputies to reconsider its position against the use of the revised version of the Bible, and a host of other acts marked today's session of the triennial convention of the Protestant Episcopal church. The bishops authorized the printing of the prayer book in the Spanish language. It was agreed that a committee to consist of five bishops, five clergymen and five lay delegates, be appointed to draw up a canon regarding the suffrage of bishops and to make their report at the next general convention.

ASSEMBLY DANCE A DECIDED SUCCESS

The first dance of the first series of the Assembly was given at Miners' hall last night, and was a decided success from point of attendance, and from the enjoyment of the occasion. There were some very handsome costumes on the floor, the women looked their prettiest, and the music and the floor were all that could be desired.

Notwithstanding the threatening appearance of the sky, the elements were braved by a great number, and there was not a single regret among the many guests. The next dance will be on November 8th.

TURNING OUT THE BEST WORK

The bindery of the Bonanza is turning out the best work in the city, and it is giving such great satisfaction that anyone who has his work done there once, never goes anywhere else. The plant is the finest and most complete, not only in the State, but this side of San Francisco. We can turn out all kinds of work that is demanded in the offices of lawyers, brokers, promoters, mining companies, or for any other kind of business, and we guarantee satisfaction in every respect. One trial will be sufficient to establish the truth of this statement. It pays to go where only the best kind of work is done, and it pays to patronize home industry.

NOTICE.

There will be a meeting of the State Board of Medical Examiners at Carson City, Nevada, on November 4th, 1907. S. L. LEE, Secretary.

The building located at the greatest height in Europe is the climber's hut on the Matterhorn, nearly 12,800 feet above the sea.

MILLS WILL GRIND AT MANHATTAN

COMING WEEK WILL HEAR THE STAMPS DROPPING ON MUS. TANG HILL.

Steam has been gotten up in the boilers of the stamp mill now nearing completion on Mustang Hill. The shafting is being rapidly installed, the rock-breaker and elevator are now in place, the tube mill has been lined with siles and is ready to run. The plant could be running in four days if all the connecting up material were on the ground. Within a week the mill will be complete in every detail, excepting possibly the cyanide end.

The plant was visited this week by W. J. Douglass and C. C. Boak, of the Manhattan Consolidated mine. These gentlemen have completed all arrangements to begin hauling ore to the mill within a few days.

Mr. McKiver, who is constructing the Lemon mill on Wolfstone Hill, has made a remarkable record. If the tank material were here, the plant would be ready to crush ore within a week or ten days.

Messrs. Moore and Chapman are making rapid headway in the construction of their Huntington mill, Manhattan Mall.

SHOOTS OFFICER; KILLS HIMSELF

WINNEMUCCA, Oct. 18.—In attempting to arrest a rounder named Brooks at Palisade this morning on a charge of robbing a fast woman of that place, Constable Kennedy of Palisade was shot dead by the man he was trying to place under arrest. After killing the officer, Brooks put his revolver to his head and fired a bullet through his own brain.

Brooks had been living with a woman of the tenderloin in Palisade, according to all information obtainable, and this morning he attempted to take all her money. She objected and he started to beat her. Constable Kennedy went to the resort and started to place Brooks under arrest, when the latter pulled a gun and shot him through the heart. He then turned the smoking revolver to his own head and sent a bullet crashing into his skull.

NOTICE.

Tonopah Lodge, No. 28, F. and A. M., will hold a stated communication at Butler Hall, Saturday night, at 7:30 o'clock. Work third degree. All visiting Masons cordially invited. By order of A. J. CROCKER, W. M. THOS. LINDSAY, Sec.

10-19-11

LARGE PURCHASE OF SILVER. WASHINGTON, Oct. 18.—The treasury department today made its first purchase of silver in more than a month. Two hundred thousand ounces were bought at 61.626 cents a fine ounce, one-half to be delivered at New York and half at San Francisco.

NEW YORK, Oct. 18.—The sub-treasury today transferred \$300,000 to San Francisco for banks.

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment \$1.00. Your money refunded if not satisfied. Sold by Tonopah Drug Co.

GETS PASS FOR CALIF.

A story has recently been revived regarding Eli Marvin, a well known politician and promoter of Indiana.

Several years ago when the Clover Leaf railroad was built as a narrow gauge line, Eli Marvin of Frankfort, was one of the prominent officials, with headquarters at Frankfort.

One day a farmer walked into Marvin's office, explaining that he was a stock dealer and asked for a stockman's pass.

"Why should you have a pass?" asked Marvin.

"I'm going to ship a calf from Frankfort to Kokomo," the man replied, "and it is the custom, I understand, to give the shipper a pass that he may travel with stock."

"What is the freight on the calf?" Marvin asked.

"Forty cents," said the stockman.

"Well," said Marvin, "the passenger fare to Kokomo is 70 cents. We'll just issue a pass to the calf and you can pay your fare."—Indianapolis Star.

Journals, cash books and ledgers—just the thing the merchant needs—best that can be made. For sale at the Bonanza office.

RICH COPPER NEAR LUNING

TWO FEET OF A SIXTY-FOOT LEDGE IS SOLID ORE.

Another promising copper district has been uncovered near Luning, the discovery having been made by W. E. Marsh and E. M. Heustis on July 19th. The original locators said nothing of their find until they had their location work done, and even then they had nothing much to say. But the news leaked out, as these things will, and about two weeks ago there was a rush from Luning and Mina, and as a result every foot of ground in the new district has been taken up.

Mr. Marsh was here yesterday, leaving last night for the new diggings. He and his partner have the Green Mystery mine, which is in the neighborhood of the properties of Colonel O. P. Posey, Frank Knox, Gus Holmes and McCormack and Dorsey of Goldfield.

"We took up nine claims," said Mr. Marsh, "and have done the work on them. We could have had as many more as we wanted, but did not want to take more than we could attend to. We said nothing about the find until we had all the work done, for the reason that we wanted to have a clear field, so that there would be no over-lapping of claims, and other bits of confusion that occur in rushes. But there are enough of people represented there now, and the location work is being done."

"We have a shaft down twenty feet on one of our claims, and have a ledge sixty feet in width. Two feet of this is a solid ore body from which we get from 10 to 12 per cent copper, eight ounces in silver and \$2 in gold. The ledge is in a diabase or porphyry."

"We have plenty of water, having secured the rights of Dumbarton spring, which has a very good flow. There is a good deal of timber, which can be utilized for all purposes, there being lots of mountain cypress."

"There is no question as to transportation facilities, for the mine is only four miles from the railroad, and there is a good hard hauling road to it. Work, and plenty of it, is being done on the Parrott by McCormack and Dorsey; on the Mayflower, by Posey, Holmes and Frank Knox; on the New York, by H. B. Lind & Co., and on the Nevada Champion, by Izard and Fay. They have been shipping from the Parrott, and the New York had several carloads ready to ship when the slump came. Borax Smith owns the Wall Street and the Tip Top. All these properties are part of the Luning district, and lie to the west of us; or it might be more courteous to say that we lie to the east of them."

ENTERTAINMENT AT THE BUTLER

Two good houses greeted the players at the Butler last night, and it proved to be one of the best yet put on. Billy Onslow and Eddie O'Brien were there from start to finish, and the more we see of these two fellows the better we like them. Harry Adler had a good part and also Harry Downs and Miss Darragh. The songs by the principals were all good and even if the chorus is short a couple of girls, they deserve a good word for their numbers were fine. The motion pictures were the best that have been seen at the popular show house.

FUNERAL OF G. L. SEYBOLT.

PALO ALTO, Oct. 18.—The funeral of George L. Seybolt, a resident of Mayfield, and well known throughout the West, was held in San Jose this afternoon, the interment being at Oak Hill cemetery. Seybolt was 72 years of age and from 1872 to 1885 was in the employ of the government in the postal department. In 1876 he was appointed postoffice inspector, his territory being Idaho, Montana and Utah. Later his district was consolidated with the Pacific district, which gave him the largest in the United States to cover. After the consolidation, Seybolt moved to San Francisco, and then he retired to Mayfield. He left a wife, Mrs. Mary E. Seybolt, and five children: Mrs. E. M. Dill of Detroit, Mrs. Nellie Henderson of Lindsay, F. L. Seybolt of Tonopah, G. E. Seybolt of San Francisco, and Miss Marion Seybolt of Mayfield.

Mothers with little children need no longer fear croup, colds or whooping cough. Bees Laxative Cough Syrup tastes good. It works off the cold through the bowels, clears the head. Guaranteed. Sold by Tonopah Drug Co.

OFFICIAL OF THE REBEKAHS HERE

MRS. GEORGE WOODRUFF THE GUEST OF MRS. J. WESLEY STEWART.

Mrs. George Woodruff of Hawthorne, president of the Rebekah Assembly, arrived in Tonopah Thursday morning on her tour of official visits throughout the State. During her stay here she is the guest of Mrs. J. Wesley Stewart, who held a reception in her honor at her home on Thursday afternoon, all Rebekahs attending. She was given a banquet at Butler Hall on Thursday night, held a school of instruction at Butler Hall on Friday afternoon, and leaves for Goldfield Saturday morning, accompanied by Mrs. Stewart, who is the present warden of the Rebekah Assembly.

SLUICING ON THE LITTLE GREY

The placer lease on the estate of the Little Grey Mining Company will be working tomorrow. Messrs. C. L. Cole and C. C. Burns, who have the lease, have put in a complete sluicing equipment with a capacity of washing 75 tons of dirt daily. Mr. Cole has had extensive experience in the placer workings in Alaska and is just the man to make the most of the gravel on the Little Grey.—Manhattan Mail.

Certificates of location for sale at his office.

Stock in industrial enterprises offers the safest and most profitable form of investment. The new laundry will issue a small amount of their stock on the co-operative plan. Secure a few shares and let the rebate on your work pay for the stock. For particulars address, H. O. AVERILL, Gen'l Delivery, Tonopah, Nev. 10-18-21
